CITIZENS INDIGNANT.

Winooski People Hold a Protest Meeting Over Conditions.

Burlington, April 13.—Conditions verging on open lawlessness have reached such a state in Winooski that a public law and order meeting was held Tuesday night by the citizens of the town just across the river, with a view to taking some action for the immediate remedying of the situation.

Fort Ethan Allen is located only a mile from the town and it is claimed that the stationing of the 10th troop of cavalry, colored, at the post has had much to do with conditions.

Gambling, it is claimed, is carried on without interference from the local authorities or the state authorities except in urgent cases. When the 10th cavalry came to the fort a large army of camp followers accompanied it and settled down in Winooski and the outskirts of the post for two miles around. These were composed for the most part of colored women, many of whom estab-

lished houses of a questionable character.

There are five saloons in Winooski and since the colored troops came to this section there have been three murders, one suicide and assaults of various kinds without number. The association of white women on the streets of the town with members of the colored troops is not an uncommon sight.

The meeting Tuesday night was the first step toward the formation of a civic society for the purpose of bettering conditions along religious and social lines and giving the police authorities support in enforcing the law.

\$75,000,000 FOR DEFENSE.

Douma Committee Approves Grant for Warships and Naval Works.

St. Petersburg, April 13.—The budget committee of the Douma yesterday approved the grant of \$75,000,000 for the construction of warships and naval works for the Black sea.

CLEVELAND'S TRIBUTE TO ITS DEAD EX-MAYOR

From 150,000 to 200,000 People Gather in Street as Body Passes.—Business Suspended.

Cleveland, April 13.—Braving a chilly wind with drizzling rain, an immense throng of people, variously estimated from 150,000 to 200,000 stood in the streets late yesterday in silent tribute to the memory of Tom L. Johnson, as his body was conveyed from the family apartments in Euclid avenue to the Union station. The train bearing the funeral party departed at 6:10 p. m. over the Lake Shore railroad and arrived in New York at 9:11 o'clock this morning.

The Rev. Harris R. Cooley, a life-long friend of Mr. Johnson officiated at the brief funeral service in the family apartments yesterday afternoon. At the grave in Greenwood cemetery, Brooklyn, he delivered, a short address and prayer.

The simple funeral cortege consisted of the hearse and the mourning party in four carriages, preceded by a squad of mounted policemen.

Long before the procession left the Johnson home, the streets were lined with people. As it passed down the streets, the men removed hats and women bowed their heads. Flags at half mast floated from the buildings and in store windows pictures of the former mayor were displayed, draped in black.

For five minutes while the cortege was passing the city hall, where Mr. Johnson had so long presided, most of the stores in the downtown district suspended business. The courts were also adjourned and municipal business generally was suspended.

The movement for a memorial was given further impetus yesterday when at a meeting of the city council plans for a new city playground to be known as Johnson park were discussed.

RUBS GOWN, CAUSES SPARK, FIRES PLACE

Benzine Blazes and Society Women's Gowns are Destroyed as the Result.

East Orange, N. J., April 13.—Working hard to get a silk gown cleaned before night to fill an order which his employer, Mrs. Marie Launay, of 24 Prospect place had taken during the day, George Daggett rubbed it until an electric spark sprang from the silk. The benzine can stood close to him and hard by was the shed full of inflammables. The whole thing was ablaze in an instant. Daggett got his face and hands badly singed. Many gowns belonging to East Orange society women were caught by the flames.

THE DUVEENS PAY UP.

Deposit \$1,200,000 with United States Customs Authorities.

New York, April 13.—Official notice was given yesterday that the Messrs. Duveen Brothers had deposited a certified check for \$1,200,000 with the sub-treasurer of the United States in settlement of unpaid and withheld duties on works of art which are the subject of civil suits brought against them by the government. When the cash for this check has been collected United States District Attorney Wise will in all probability recommend its acceptance. John B. Stansfield, counsel for the Messrs. Duveen brothers, presented a certificate of deposit for this amount yesterday to William Z. Wemple, assistant United States district attorney. Acceptance of the money will release from the custody of the federal authorities the works of art in the establishment of the firm at Fifth avenue and Thirty-first street and its warehouse and enable it to conduct business without hindrance, as hitherto has been the case. Joseph J. and Louis J. Duveen have already pleaded guilty to indictments against them. In consideration of the fact that they came from England of their own accord, although they could not have been extradited, a fine of \$10,000 each was imposed on them. The cases of Messrs. Duveen, Henry J. and Benjamin J. Duveen, charged with like violations of the customs act, have been set for the term of court next October.

IOWA ELECTS KENYON.

He Is Chosen United States Senator on the Sixty-Seventh Ballot.

Des Moines, Ia., April 13.—Judge William S. Kenyon, Republican, was elected United States senator to succeed the late Senator Jonathan P. Dolliver on the sixty-seventh ballot in the Iowa legislature yesterday afternoon. The victory came with the second ballot of yesterday's session, and following a stormy session. He received 79 votes, just enough to elect, against 26 for supreme court Justice Horace E. Deemer, his Republican opponent.

LONDON TO PARIS FLIGHT

Aviator Prier Smashes All Records

WITHOUT STOP, 250 MILES

The Best Previous Record Was 212 Miles—Was Made in the Present Month by Vendrina in France.

London, April 13.—Pierre Prier, the aviator, started in an aeroplane from Hendon yesterday in an attempt to make a flight to Paris without a stop. The aviator successfully crossed the English channel between Dover and Calais and continued on his flight toward the French capital. He reached Issy at 5:45 yesterday afternoon.

Hendon is a town of Middlesex county, England, six miles from the center of London. The approximate distance between Hendon and Paris is 250 miles. Yesterday's flight of Prier is the first attempt of an aviator to fly from the British capital to Paris. A flight from the French capital to London was achieved by the late John B. Moisant, who carried a passenger. Delayed by bad weather, however, it took Moisant twenty-one days to accomplish the journey. Prier, by reaching Paris without a stop, has made a new world's record for the cross-country flight. The present best distance is that made by Vendrina, 212 miles from Issy to Moulins, France. The French aviator, in a Morane monoplane, covered the distance on April 2 in two hours and fifty minutes, or at a speed of about 77 miles an hour.

HIS FIRST TRIP.

William Jennings Bryan Went Up in a Flying Machine.

Washington, April 13.—William Jennings Bryan took his first flying machine trip yesterday afternoon between 4 and 5 o'clock, as the guest of Anthony Janus, a local aviator, in the Rex Smith aeroplane, a Washington built machine, which has been making many successful flights, carrying as passengers prominent society young women and some government scientists.

The flight was over the Potomac river.

Use TIZ--Smaller Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time—TIZ Makes Sore Feet Well, No Matter What Ails Them.

Everyone who is troubled with sore, sweaty or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter L. Dodge & Co., Chicago, Ill.

TWO TOWNS WIPED OUT

Tornado Sweeps Over Kansas and Oklahoma

THIRTEEN KNOWN DEAD

Great Destruction of Property—Eight Killed at Big Heart, Okla., and Whiting, Kan., Almost Totally Destroyed.

Topeka, Kan., April 13.—A heavy wind storm attaining the velocity of a tornado in some sections, and accompanied by rain, hail and lightning, swept over western Missouri, Kansas and Oklahoma Tuesday, killing 13 persons, practically destroying two towns, wrecking scores of buildings and putting almost every telephone and telegraph wire in the territory out of commission.

The tornado levied its greatest toll of death at Big Heart, Okla., where eight persons were killed, 10 injured and almost every building in the town wrecked.

Whiting, Kan., was practically wiped off the map, sixty buildings were blown down. Thirty persons were hurt and one, Mrs. David Stone, was killed. At Powhatan, Kansas, a woman and child were killed. A high school building was wrecked at Eskridge, Kan., a number of houses were damaged and from 15 to 20 persons injured.

At Hiawatha, Kan., a school was blown down and a boy named Pelton killed with lightning. Several persons were known to have been hurt at Ne-tawaka, Kan.

A boy was killed at Manville, Kan. The Kansas end of the tornado started near Whiting and swept in a southeasterly direction for a distance of more than 50 miles.

It is thought many more persons were killed and injured than have been reported at this time. Telephone and telegraph crews are working, now that the storm has abated, to get their wires in shape. It is an arduous task, as only one wire was left intact between Kansas City and Topeka and telegraph communication between Kansas City and Oklahoma points was totally cut off.

In Kansas City the storm did little damage. A few houses were killed by lightning and some buildings struck. The rain in Kansas City lasted about an hour and was heavy. Hail accompanied it.

George M. Scott, an engineer, who was in Eskridge during the storm, said at least 15 houses were blown down. After he left Eskridge, Scott said, he could see the tornado sweeping across the country for a distance of 10 miles, overturning houses, barns and sheds in its path. He heard of no one being killed in Eskridge.

Benjamin Resch, a fireman in Scott's engine, was blown out of the cab window and hurled across the street. His only injury was a slight cut on his head.

While Mrs. Ray Gernum of Powhatan was sitting in her house, the storm swept the greater part of the building from over her head. She was but slightly hurt.

Two more deaths were reported from near Hiawatha late Tuesday night. Geraldine Meisenheimer, ten years old, and a small child of Otis Mellett, are the victims.

The Meisenheimer girl sought refuge with three companions in a country school house and the building was wrecked soon afterwards. Her companions were injured. It is not known how the Mellett child met death.

EIGHT DEAD, TEN HURT.

Few Houses Remain in Big Heart After Tempest Passes.

Big Heart, Okla., April 13.—Eight persons were killed and ten injured in a tornado which struck Big Heart at four o'clock yesterday afternoon, leaving but a few houses standing. The known dead are John Kerns, Fred Hammond and William Marlow.

GET BAIL JUMPERS IN GEM ROBBERY

Goldbergs Wanted for \$15,000 Theft in Boston Held by Detective Lynch in Austria.

New York, April 13.—Inspector Russell at police headquarters yesterday made known that he had received word from Detective Lynch of the Boston police department, who is now in Austria, that he had under arrest there, in the province of Galicia, Jacob and Joseph Goldberg, who are wanted by the Boston police for a \$15,000 jewelry robbery and who jumped their cash bail of \$5,000 after being captured in this city soon after the Boston robbery.

SENATE TO HAVE TARIFF BILL.

Members Not Inclined to Accept Democratic House Measure.

Washington, April 13.—The Senate will propose, its own tariff revision bill instead of meekly accepting that sent over by the Democrats, if plans of the regulars now making for the reorganization of the committee on finance are carried out. The high protectionists have determined to keep control of the committee and not to increase its membership with Democrats, nor are the regulars willing to enlarge the committee on foreign relations, they taking the ground that the business of this committee is chiefly confidential and nothing in the public interest would be gained by adding to the list of persons to whom the secrets of the government must be confided.

The present finance commission consists of fourteen members, nine Republicans and five Democrats. Five Republican vacancies exist, of which two will be filled with the arch progressives, Cummings of Iowa and LaFollette of Wisconsin. Just how the high protectionists will retain their balance of power and continue themselves proof against a combination of Democrats and progressive Republicans has not been worked out, but this probably will be done by making such a coalition impossible. Simmons of North Carolina, now a member, is accounted of that class, and should the five to four ratio desired by the Democrats be refused, the addition of some one like Foster of Louisiana would accomplish the high protectionist purpose. The regulars will do

ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK.

all in their power to defeat the Democratic tariff bill, although ultimately these bills may receive a good many Republican votes.

One of the most practical methods of obstruction in the Senate would be to report out a wholly new tariff bill, framed by high protectionists, and this could be done if the committee were reorganized along the lines started.

HAT CASE MAY GO TO THE TOP.

Loewe Believes Supreme Court Should Pass Upon It.

New York, April 13.—The decision of the United States circuit court of appeals in reversing a judgment of \$232,240 given by the lower court, to D. E. Loewe & Co. of Danbury, Conn., against the United Hatters of North America, "blasts the hopes of the American Anti-boycott association and the plaintiffs of recovering and enforcing judgments against members of labor organizations" in the opinion of Alton B. Parker, of counsel for the hat makers. "It is a very important and helpful decision for organized labor," said Mr. Parker. "While the suit was brought by the members of the firm of Loewe & Co. and doubtless for their benefit, still the real prosecutor, as appears from their record, was the American Anti-boycott association. That association promised the plaintiff to furnish the lawyers and pay the expenses of a litigation, the trial of which consumed nearly twelve weeks, and in addition selected the defendants. There were over 9,000 members of the various hat makers' unions and only a little over 200 of them are defendants. Of these over 180 were not members of the union which went on strike and had no knowledge whatever either of the origin or the details of the controversy with Loewe & Co."

"The basis of selection was a prop-

erty basis only. If a member of some hat makers' union could be found who owned his little home, or possessed a bank account, or both, he was made defendant and his property attached. The end aimed at was far beyond the recovery in question. A recovery and enforcement of judgment against members of labor organizations based solely on the fact that they were members, it was naturally assumed, would drive out every economical and saving member.

That hope of the American Anti-boycott association of the plaintiff is blasted by this decision."

Danbury, Conn., April 13.—D. E. Loewe, of the firm of D. E. Loewe & Co., hat makers, of this city, commenting on the decision of the United States circuit court of appeals, which reversed the decision of the United States district court in awarding damages to the plaintiff, said: "If the judge of the lower court or the attorneys continue to hold the same views upon the important points involved in the appeal that they held at the time of the trial, it appears to me that it would be well to have the supreme court pass upon the question, rather than to have a retrial of the case. As I view the matter at present, it seems to me that our case should be taken to the supreme court of the United States for final decision upon the points that have been raised in the appeal just decided."

TAFT TO VISIT THE EAST.

He Accepts Invitation to 150th Anniversary of St. John's Lodge.

Washington, April 13.—President Taft yesterday tentatively accepted an invitation to attend the celebration of the one hundred and fiftieth anniversary of St. John's lodge, No. 1, of Masons of Newark, N. J., on May 13.

Woman's Danger Periods Made Safe

By Lydia E. Pinkham's Vegetable Compound

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Here is proof:

Natick, Mass.—"I cannot express what I went through during the Change of Life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations and could not sleep nights. I was finally told by two physicians that I had a tumor."

"I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish this letter."—Mrs. Nathan B. Groaton, 51 No. Main St., Natick, Mass.

ANOTHER SIMILAR CASE.

Cornwallville, N. Y.—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time for Change of Life, nervousness, and a fibroid growth."

"Two doctors advised me to go to the hospital, but one day while I was away visiting, I met a woman who told me to take Lydia E. Pinkham's Vegetable Compound. I did so and I know it helped me wonderfully. I am very thankful that I was told to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Wm. Boughton, Cornwallville, N. Y., Greene Co.

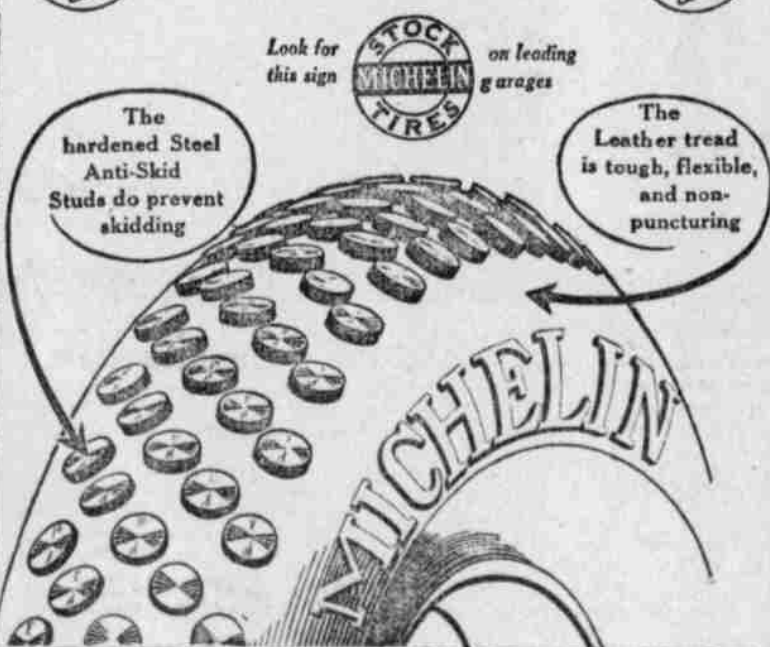

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
